The Northern Ireland Transport Statistics 2019

. If you have any questions please phone or email Barbara Muldoon on 028 9025 5093, Methodology The Travel Survey for Northern Ireland is required to provide a comprehensive picture of personal travel behaviour by people living in private households in Northern Ireland.

The Northern Ireland Transport Statistics 2018

Maintenance structural, routine and winter accounted for 31% of the money spent, while public lighting accounted for 4%. There was an increase of 2% in expenditure on the roads when compared to 2018-19 £437 million ; this was mainly due to increased expenditure on new construction and improvements.

Travel and Transport

At 31 March 2019, 143 railway carriages were used as Public Service Vehicles in Northern Ireland; this was equivalent to the figure at 31 March 2015. The management information and statistics are collated from DfI, DfI Roads and Translink.

Travel Survey for Northern Ireland

Source: Police Service of Northern Ireland PSNI Road Traffic Casualty Statistics. Background information It asks questions on how far people travel, how they travel, commuting to and from work, walking, journeys by car, train, bus and bicycle. You can find further information about the Code of Practice at: Further Information For more information relating to this publication, including alternative formats, please contact: Analysis, Statistics and Research Branch, Room 4.

Travel Survey for Northern Ireland

The information leaflet explains all about the survey in detail. The management information and statistics are collated from DfI, DfI Roads and Translink.

Travel and Transport

Each member of each household is asked to provide information about journeys made in a pre-selected seven-day period, known as the Travel Week. Out of hours please contact the duty press officer on 028 9037 8110.

Travel Survey for Northern Ireland

It is worth bearing in mind COVID-19 lockdown commenced on 23 rd March 2020, so there will have been an effect on passenger numbers during and possibly before that period. Travel and Transport statistics are primarily published by NISRA statisticians within the Department for Infrastructure DfI.
