There are more than 5 million programme listings in Genome. In September 1937, Churchill wrote an Evening Standard piece in which he directly appealed to Hitler, asking the latter to cease his persecution of Jews and religious organisations. Churchill made his mistakes, of which the most enduring was his failure to establish Kurdistan, a state for the Kurds, among the other new nations.

Churchill: a Study in Failure 1900

The storyline, while not uncritical, did not deviate from fact. James considers this part of his career to have resulted in placing the UK's military potential at an acknowledged low ebb that influenced its cautious continental policy during the early 1930s.

BOOKS Churchill in the wilderness » 16 May 1970 » The Spectator Archive

He thought simple words were better and small words were best.
