Engineering Industry (Hansard, 4 December 1980)

According to the BBC, this represents the largest shake-up in the UK's railways since privatisation.

Average Weekly Earnings, bonus in Great Britain

Here the output declined between May 1979 and September 1980 by 15. When the world trading environment goes into recession, our engineering deficiencies become magnified.

Employers for Work

We shall then produce highly qualified technical engineers who know their job. I left school when I was 14 years of age in the mid-1930s. Friend and I are very close, in doe sense that we are both sponsored Members of the engineering union.

Standardization VS Customization

Youngsters leaving school who want to become engineers cannot wait 10 years.

Engineering Industry (Hansard, 4 December 1980)

If that was possible, one could run the economy with a young graduate statistician. In the financial and insurance activities industry, 72. Since 1994 there has been a growth in smaller spot-hire companies that provide rolling stock on short-term contracts.

Shiftworking And Capital Utilisation In The UK

Unfortunately, there appears to be a delaying factor in Britain. Towards the end of his contribution, the Secretary of State said that he would tell us what the Government were going to do about it, and that was manifestly the shortest section of his speech. It has the double advantage that he has disposed of his income tax return and signed his letters.

Standardization VS Customization

It means that the services, use of recipes, menu, table layout, systems, and even the interior design must be in accordance with Standard Operating Procedures. In my view, his remedies would make things worse. Here we come to one thing that the right hon.

Engineering Industry (Hansard, 4 December 1980)

However, no matter how well people are trained outside the factory, they cannot compete with factory-trained apprentices, who learn the job through the men they work with. If the demand for British motor cars falls, so will the demand for steel.
