Watkins HES , 8 April 2015. Further sites within Park that have been amended as a result of the mapping include the moated site of Old Hall NHER 8918 , and the of drainage ditches NHER 18906.

The Archaeology of the Landscape Park: Garden Design in Norfolk, England, c.1680

By the mid 18th century the formal gardens that originally surrounded the Hall had vanished, replaced by geometric planting and an ornamental lake. Attention is focused on different kinds of designed landscape in time and space, on ways in which these landscapes were created and on the ways in which they related to the 'vernacular' landscape upon which they were imposed. Remains of 1760s wilderness, cascade, walled garden 1755 to 1778.

The Archaeology of the Landscape Park:Garden Design in Norfolk, England, c.1680

Each entry gives the name, reference and principal soil types for the sites, with a summary of the history of their development. This site was included in S4 and the results of this survey are also summarised in S5. Formal garden between park and hall probably by Salvin 1835.
