Concept vs. context vs. content

Content by Bernard Tschumi This article possibly contains original research. Through documentation of recent projects—including the new Acropolis Museum in Athens, a campus athletic center in Cincinnati, museums in Sao Paolo, New York, and Antwerp, concert halls in France, and a speculative urban project in Beijing—Tschumi examines different ways that , , and content relate to each other in his work. But there is also no architecture without —historical, geographical, cultural—or content what happens inside.
