**Elementary modern logic by Brown,
Paul Llewellyn**

And if by a definition all that is meant is a vague general statement of aim or purpose, that is easy to give; the aim of Logic, always and everywhere, is to study the difference between good and bad reasoning.

Logic: A Text in Elementary Symbolic
Logic (9780195080292): Forbes,
Graeme: Books**

NEWS: Branden Fitelson at Berkeley has created packages that allow MacLogic to

run on newer Macintoshes under OSX, and also on PCs under Windows. Even the loftiest and least mundane kind of Logic cannot really escape from this purpose; for what interest could there be in ideally perfect truths if no one was ever in the least danger of forgetting them? Your mind just turns off when you see these huge walls of words and explanations that don't make sense to you. The dust jacket for hard covers may not be included.

A Modern Elementary Logic

Explanation: Mike might not have encountered any traffic signals at all. But the reason for that in the content and emphasis of her book which differentiates it from the usual manuals, and to which the appellation of modern in its title directs attention, may not be immediately apparent to one unacquainted with the change of orientation and the nature of the work resulting therefrom which mark the advancement of the subject since the

Filesize: 36.17 MB

earliest years of this century. Yet, the book is too verbose and technical at some parts.

E. J. A., Elementary Modern Logic

This 105K document lists all the typos, slips and other mistakes I know about in the first printing of Modern Logic.
