### Diamonds of the Night

.

### Diamonds of the Night (1964) directed by Jan Němec • Reviews, film + cast • Letterboxd

Still, even then, it can sound a bit flat and tinny, but a lot of the time this seems to be intentional to the design. While I enjoyed Nemec's - Diamonds of the Night absolutely blew me away.

### Diamonds of the Night (1964)

The film as a whole is one of the best pieces of editing you can see, and shots of survival in what look like the fir-carpeted foothills of the Sudeten mountains are juxtaposed with memories of Prague, where they have just come from. You are so clever and such a swine.

### Diamonds of the Night (1964) directed by Jan Němec • Reviews, film + cast • Letterboxd

The finale of the film involves being the two youth being hunted and captured by a group of old, even ancient-looking German speaking men, who practically totter and dodder in their determination to hunt down the two youth. Ovšem kdoví, jestli by se takto Ervín projevil, kdyby nebyla válka a on netrpěl Jazyk knihy je čitelný snadno, avšak měla jsem problém v orientaci postav, první povídky se daly, ale Chlapec u okna a Černý lev pro mě byly matoucí, ztrácela jsem se v postavách, v ději. Faced by conditions of extreme inhumanity and moral nightmare, each must fight his way forward real The stories in this collection take place in the Nazi concentration campus, on death transports, and during the last turbulent days of World War II.

### Diamonds Of The Night

The mix is very elaborate, enhancing some sounds, dulling out others, and throwing in some unexpected surprises. DVD Release Date: May 10th, 2010 Transparent Keep Case Chapters: 8 Release Information: Studio: Second Run 1080P Single-layered Blu-ray Disc Size: 24,289,894,647 bytes Feature: 17,338,841,088 bytes Codec: MPEG-4 AVC Video Total Video Bitrate: 28.

**Diamonds of the Night (1964) directed by Jan Němec • Reviews, film + cast • Letterboxd**

The reality-memory-fantasy narrative structure employed in the film makes us wonder what we see on screen is reality or are they mere hallucinations of terror stricken minds.

**Diamonds of the Night by Arnošt Lustig**

Even the Blu-ray menu here features the sounds of footsteps and bird song rather than music because Diamonds has no score. Asi nejvíc mě zasáhla hned první povídka s Ervinem, protože ukazuje dětského hrdinu v nelehké životní situaci, pro nás nepředstavitelné mizérii lodžského ghetta, který ovšem pocítí uje odpor k rodičům stejně jako to pubertáči prostě mají.
