## Ratios and Supervision in Family Child Care

However, even an on-call-only relationship is better than no relationship at all.

## Playgrounds and child safety

. These ratios are more likely than less stringent ratios to support quality experiences for young children.

## Workplace Policies: Safety, Health and Confidentiality

She has been a journalist and blogger for over 25 years, with a focus on home and community safety for the past six.

## 3 Ways to Encourage Independence and Confidence in Children

Written documentation of CCHC visits should be maintained at the facility. Ask students if they know how they can make concrete more ductile? By encouraging students to figure out the answer themselves, you not only empower them but educate them as well. And consider what you may feel like in a crowded space.
