## Carol Ann Duffy

Among the developments that led to the revival of metaphysical theorizing were attack on the , which was generally taken to undermine distinction between existence questions internal to a framework and those external to it. . The film focuses on the relation of politics, technology and myth.

## Samuel Beckett Resources and Links

Rather, it is because I would have lived more fully if I had been able to rattle off more old chestnuts — just as I would have if I had made more close friends. Hear it in Real Audio 10 min.

## Hart, Clive [WorldCat Identities]

At present, contemporary ethical philosophy is dominated by three schools: utilitarianism, virtue ethics, and Kantianism. Yet for fifty years he remained a consistent champion of modern literature and its tradition in French letters. Although Rorty was a hardened liberal, his political and moral philosophies have been attacked from the , some of whom believe them to be insufficient frameworks for social justice.
