Similes are often used in creative writing. Should a man carefully measure out what he believes to be a dose of useful medicine, he will die if it should turn out that he has taken up the wrong vial, and has poured out a deadly poison: the fact that he did it ignorantly will not alter the result. This verse is made of simple words, but like the first chapter of John's Gospel, it is very deep.

It is not enough to them to be blameless, they wish also to be actively righteous. What course is to be taken? Much of an interesting nature might be said on the subjects chosen for similes during different periods.

Still don't have a stimulus check? Here's how to track yours.

The Scripture compares them, for their hateful qualities, to the lions, and bears, to foxes for subtlety, to wild bulls, to greedy swine, to scorpions, to briars and thorns grievous and vexing things. We must learn to praise, learn that we may praise, and praise when we have learned.

The preacher has here a wealth of poetic imagery never surpassed. More than 1 in 3 adults said they had difficulties paying their bills in the last week of January, and more than 4 in 10 adults who live with children said the same thing, an analysis from the Center on Budget and Policy and Priorities.
