## What's the future of economic growth in Africa?

The government plans to develop vaccine manufacturing capacity alongside the African Union's Partnership for African Vaccine Manufacturing that will ensure a coordinated agenda for the entire continent. It is striking, for example, that the ratio of trade to GDP fell in forty-four of ninety-three developing countries over the past ten years, while the ratio of FDI to GDP fell in more than a third.

## Can Africa Diversify its Exports? Lessons from Ethiopia

The program later became universal for all children.

## Wildlife trade, sanctions and compliance: lessons from the CITES regime

However, the African Union-led peacekeeping made s Conflict and Political Instability Similarly, while generally conflict on the continent has been a number of countriesâespecially the Central African Republic, South Sudan, the Democratic Republic of the Congo DRC , Burkina Faso and the Gambiaâexperienced violent conflict or, at the very least, political instability. Scientists at Oxford University met to discuss the development of a vaccine that would repurpose technology used for the Ebola and Middle East Respiratory Syndrome MERS outbreaks.

## Trade

Most South East Asian countries reported ratios of domestic fixed investment to GDP of around 30 per cent during the 1985-1994 period, while those of Latin America and Africa fluctuated around 20 per cent. Table 2-2 Speed of integration of developing countries, early 1980s to early 1990s number of countries Ranking East Asia South Asia Latin America and the Caribbean Middle East and North Africa Sub-Saharan Africa Europe and Central Asia Fast integrators 6 3 5 2 2 5 Moderate integrators 2 5 4 10 2 Weak integrators 3 9 2 10 Slow integrators 2 5 14 2 Total 9 5 21 13 36 9 Source: World Bank staff estimates Note: To summarize integration trends, the analysis.

## Africa 2014 in Retrospect

Those who sold back their shares got proportionally less. On the one hand, there are the exporters of textiles and clothing which currently have a strong comparative advantage and whose market access has been tightly restricted, and which therefore will benefit from the Uruguay Round agreement to abolish MFA-related restrictions.

### **East African Community**

**Regional Integration** In 2014, the various regional economic communities RECs continued to make progress in the advancement of regional integration. As the economic slowdown quickly dissipated on the back of a mining investment boom, expectations of resulting mineral revenues grew high. Although the comparison between the poor and strong performers indicates a correlation between the share of manufactures in total merchandise exports and the growth of total merchandise exports, there are at least two important examples where strong export growth coincided with a moderate share of manufactures in total merchandise trade.
