## COVID

This finding resonates with the previous study of the district health planners in Tanzania by Mshana et al. Closely related to this, concerns were also expressed by the CHMT regarding the involvement of multiple stakeholders in the planning process.

## Population Council

BMC Health Serv Res 10, 322 2010. Second, all categories of respondents recognised that transparency had the potential to enhance the democratic process by helping the members of the community to learn how to allocate health care resources thoughtfully and fairly.

## COVID

We are the leaders in neonatal resuscitation with presence on the Canadian Paediatric Society Neonatal Resuscitation Program executive hosting the National NRP Launch and running a novel Code Pink quality improvement simulation program. Video tour of the new NICU Join Dr. The website also has a number of parenting resources geared towards fathers.

## Patients First: Action Plan for Health Care

Federal government creates Royal Commission on Health Services to study need for health insurance and health services; appoints Emmet M. Frankly, after starting to involve the public in the process we have found that if facilitated they have so much ability to analyse and identify priorities.
