Life in the 17th Century

In 1580 Elizabeth I was forced to issue a proclamation noting the 'great multitude of people. In fact, fires were such a common occurrence that the medieval city must have remained as pockmarked as its disease-ravaged denizens.

Fly Through 17th Century London

Thereafter, his success elevated him in the company until he had become its director in the early seventeenth century. Men were now clean-shaven and they wore wigs.

A Townful of Cries

Gradually this new method of understanding the world took over. His book is published by Spitalfields Life Books on 26 November.

26 Cries of London 1640s ideas

The cuts, unless from the hand of a Rowlandson or a Cruikshank, are usually of the mechanical order ; and one finds copies of the same illustrations, though differently treated, constantly reappearing.
