The monk 1282—1350 offers a theory as to the authorship of the text in his famous work , which he wrote in 1330. His life had also been gradually talked about as a heroic story, and various fictional stories and legends had been added one after another, creating a very different portrait of Yoshitsune from reality. Rebellion In October, judging that Yoshitsune was playing sick and was on the same side as Minamoto no Yukiie, Yoritomo decided to expel Yoshitsune and sent his retainer Masatoshi TOSANOBO to.

Now I only ask you to give me special permission from the Emperor to expel Yoritomo. Yoshitsune, accompanied by his subordinate retainers and his concubine, , a Japanese traditional dancer, hid away in , but was captured by pursuers.

### The Tale of the Heike

Yoritomo still sends him back to the capital.

### Tomoe Gozen

Taira no Munemori, the leader of the Taira clan, is conferred a high rank in the court administration. The Taira warrior family sowed the seeds of their own destruction with acts of arrogance and pride that led to their defeat in 1185 at the hands of the revitalized Minamoto.
