the coming years.

Technical and Vocational Education and Training (TVET) and Career Guidance: The Interface

Interpretative competence focuses on an interpretation of results and on decision processes.

National Reforms in Vocational Education and Training and Adult Learning

This can be seen in research by Dr. Education in the Philippines: Primary Education Primary school education in the Philippines spans 6 years in duration and is compulsory for all students. Although the selected essays present findings on specific issues in particular countries, the general applicability at the global level is evident.

Promoting workforce excellence: formation and relevance of vocational identity for vocational educational training

It is necessary to bear in mind that Kiev and much of western Ukraine had for centuries been under the control of the Roman Catholic Polish-Lithuanian state, where intellectual achievement and ferment—especially during the Renaissance and Reformation—had been considerably greater than in Muscovite Russia. ECEC is developed in accordance with the principles of inclusion in Finland.
