An evaluation of the integrated sustainable rural development programme highlighting stakeholder mobilisation and engagement

Agricultural unemployment has two peculiar features: a Seasonal nature of the agricultural operations, and b The disguised nature of agricultural unemployment. The key to understanding IRD is found in the proper reappraisal of agricultural sector strategies of production, particularly the introduction of high-yielding and fast-maturing varieties. EMR-rural plans to exploit an in situ sensor and a dual-mode equipment to trace pollutant sources, a nuclear receptor-based biosensor to ascertain risks, an apparatus to rapid detect and identify heavy metals, and a portable instrument to investigate the acute toxicity of water.

Urbanization and Urban

This paper focuses on Adventa's leadership role in relation to various tourism projects, through which they promote authenticity and the use of local producers; raise awareness of food miles; attempt to increase linkages to other sectors in the local rural economy and endeavour to promote followership amongst local rural tourism small-scale businesses. This has also been advocated by Dandekar and Rath as one of the means to solve rural poverty. Agriculture is of particular importance in the course of urbanization—and of concern to policy makers around the globe.

ADVERTISEMENTS: The emphasis under the programme was on the construction of civil works of a permanent nature as would contribute to the mitigation if not the total eradication, of the scarcity conditions in the areas concerned. Caste is the determinant of individual status and role. In the submontane districts of U.

Rural issues and development

Child labour in India is to be found in almost every sector of the informal economy. We, at Unitus Seed Fund, understand that the sector has potential for mass scale demand and social impact, yet is fraught with challenges.

Rural development approaches

Consequently, sustainability has been problematic for the IRD projects.
