15 Things You May Not Know About Oscar Wilde

Below are additional selected citations in chronological order.

Christopher Hitchens

In March 1891, the 12 year-old Morgan was walking in the woods near Eastbourne and he was approached by a pedophile. The snow lies thick now upon Olympus, and its steep scarp'd sides are bleak and barren, but once, we fancy, the white feet of the Muses brushed the dew from the anemones in the morning, and at evening came Apollo to sing to the shepherds in the vale. Besides he took deliberately the artistic standpoint towards everything, which was coming more and more to be my standpoint.

The importance of being a reader: A revision of

No doubt Homer had old ballads and stories to deal with, as Shakespeare had chronicles and plays and novels from which to work, but they were merely his rough material. The first thief was bitterness; the second thief was complaining, and the third thief was comparison: A third thief of joy is comparison. We must keep to criticism.

Olivia Wilde

Once the hard-won principles of reason and science have been discredited, the world will not pass into the hands of credulous herbivores who keep crystals by their sides and swoon over the poems of Khalil Gibran. Bartlett wanted physicists to use their knowledge to inform fellow citizens and decision makers: Physics students and teachers have a great responsibility, 1. In this book the reader will find the figure of the Prometheus-artist clamped, so to speak, with bands of steel to the huge granitic cliff of English puritanism.

Olivia Wilde

You laugh; but believe me it is so.

Gilbert Of the three qualifications you mentioned, two, sincerity and fairness, were, if not actually moral, at least on the borderland of morals, and the first condition of criticism is that the critic should be able to recognise that the sphere of Art and the sphere of Ethics are absolutely distinct and separate. Byron and Greek Love: Homophobia in 19th Century England. Have faith and confidence in me and you may remedy the past and go to Australia.

The Role of the Reader in Oscar Wilde's Works

I showed them that sin with its curiosities widened the horizons of life. Habitually he lived in humorous talk, in the epithets and epigrams he struck out in the desire to please and astonish his hearers.
