Architecture is the art of building according to certain determined rules. They must ensure that the final product is both attractive and functional. In any discussion about architectural education, the starting point is always the legacy model and its variations, which continues to dominate, overshadow, and suppress opportunities to recognize historic, regional architectural traditions overlooked or undervalued in the West.

## Architecture school : three centuries of educating architects in North America

They were immediately challenged to do everything differently. If you are a member, we ask that you confirm your identity by entering in your email.
