New dynastic ties could have reproduced the dynamics of Koryŏ-Mongol relations, thereby assuring this cabal of outsized influence.

**Clerical marriage and buddhist modernity in early twentieth**

In the heart of Europe, the Holy Roman Empire stood as a living, ironic counterpoint to the supposedly Westphalian ideals of territorial sovereignty and sovereign equality. Sŏl Changsu, as an émigré, was one of the last in a fading generation of multilingual and transregional Korean elites. This article argues that a distinct culture of knowledge also emerged in this process.

**Kwæon**

Bureaucratic formalization therefore needed to constrain just as much as it needed to enable. The expertise of these interpreters, like the dragomans who mediated between European states and the Ottoman empire, extended far beyond language.
