Money and Influence in Politics

Drop your thoughts into an email to. In a new book, social scientists argue that the influence of campaign financing is misunderstood by voters as well as by policymakers, the media, and political analysts.

Mitch McConnell: Money and Politics, Pt 2 : Embedded : NPR

All data comes from official sources; generally 1980—present.

Money and Influence in Politics

This again raises concerns about public attitudes as the basis for justifying campaign finance restrictions.

A Constitutional Amendment Would Get Money Out of Politics

Consider this: in our research, we show that Americans have become so disgusted with American politics that they view even conventional behavior, like trying to secure favorable media coverage, as corrupt.
