## Using Technology and Constituting Structures: A Practice Lens for Studying Technology in Organizations

They should always be seen as provisional and subject to future elaboration, and it should be recognised that they are limited in time; they may become outdated or in need of qualification Goulding, 2011: 43.

## Teachers' perceptions of constructivism as an organizational change model

Why should we care about the ocean? Multiple regression was used to analyze results.

## arts based social enterprise

Involuntary terminations may happen, but church leaders should ask how they enact involuntary termination so that it authentically represents the love of Jesus Christ.
