

She watched over him with a love not surpassed by the love of a human mother, keeping him jealously at her side, guarding him from all harm.

They were preparing to destroy it when the little snake began to speak to them in their own tongue, beseeching them not to kill him. He broke into houses, looted the markets and waylaid travellers.

Folk

Every day they sought one another out, and together they roamed abroad in the fields and the forests, learning to know the birds and the flowers; together they learned to swim in the rivers, together they learned to use the bow and arrow, and to play on the flute. Unfortunately either someone leading the project had apparently no clue about the objectives of the work or had no clue on how to accomplish them or he thought it was a good idea to create a movie literal transposition of a book no one reads anymore for entertainment and no one - except historians - likely ever will.
