## Riyad as Saliheen and its Explanation in English

One of the main aim of the formation of Nadwa was to bring all the sects of Islam together irrespective of some of their differences in beliefs. It was eventually shifted to in 1898 and the Islamic curriculum was updated with modern sciences, mathematics, vocational training and the addition of an English Department. The Spencer manuscript in the NYPL contains 677 illustrations of plants and 284 of animals making it a precise rendition of a 12th century copy preserved in the library of the Shrine of Imam Reza in Mashhad believed to have been made for Najm al-Din Alpin during his reign of the city of Mayyafariqin Schnitz, op.
