The young generation grew up and moved out of their tight-knit ethnic enclaves, experiencing the benefits of upward mobility.

The Italian Labor Movement: Problems and Prospects

It segues from Roseto to Bensonhurst, Brooklyn, the site of a murder of a young black man by a mob of mostly Italian Americans in the late 1980s. Italian Americans now achieved a place in the postwar world, sound track provided by Frank Sinatra. Most of those early arrivals were young men leaving a semifeudal Italian South that held little in the way of opportunity.

Italy

Respect for authority within the family; suspicion of authority outside of the community. The process of immigration thrust an insular people deeply rooted in family and place into the modern world. It plumbs the complexities of immigrant assimilation and American ethnic identity in relatively sophisticated ways.

The politics of distrust: Field problems in comparative research

A good text for high school or college students and for anyone looking for a stepping stone to more advanced study.
