An invaded invader: high prevalence of entocytherid ostracods on the red swamp crayfish *Procambarus clarkii* (Girard, 1852) in the Eastern Iberian Peninsula

Notes on Entomostraca collected by Mr. Autogenic recharge is also received from rainfall directly on the limestone outcrop, which percolates downward via a multitude of vertical shafts and fissures in the limestone Figure 4. There are, however, two characters which indicate the two genera are more closely related to each other than either is to the genus *Scottia*.
