## Harlem

The new view took account of Nature as offering beauty, safety and cleanliness in contrast with the filth and crowding of the early industrial city. Please call or email your site office with questions or concerns or if you need special assistance. Photo credit: City of Boston archives By that time, seven streets and the tenements that lined them were gone.

## Washington, D.C.

I was on an all-black team from the city and my opponent played for an all-white team from the suburbs. And the ideal of what we now call suburbia was born in this era: the notion of ordinary houses having lawns and trees around them.
