And I have read the other messages and am glad that you all agree more or less that Spain is not the place to be. So here in their entirety are two articles about olive cultivation which have appeared in TMG. If they picked them up the quality would have been very poor indeed.

## What Type of Environment Do Olive Trees Thrive In?

She is an Uninvited guest in their country. It is okay to prune olive trees to achieve a desired shape but remember that they fruit on branches that grew during the previous spring and summer; cutting off a lot of such growth will preclude or greatly reduce fruiting potential for the next season.

Ageism is rife, pay is low. Much of the time you are served when people feel like it, you get little help and assistance and often you are not even greeted at the counter — you greet them. Mother nature will take over and the plant will flourish.

## Olive Cultivation

And Im sorry, but I have to say that UK citizens in particular have worked very hard during several decades to create a really, really bad image.
