

# Neuroscience Research Communications Journal

**John Wiley & Sons Inc - Spotted around the web: Autistic parents, dopamine signaling, African neuroscience research**

Description: -

-

Biology, Life Sciences Neuroscience Research Communications Journal

-Neuroscience Research Communications Journal

Notes: -

This edition was published in January 2, 2004

Filesize: 9.52 MB

Tags: #How #to #increase #serotonin #in #the #human #brain #without #drugs

## Books & Journals

Preferred file types: TIFF, EPS, PDF or MS Office files. Allen, PhD Florida International University, United States Jocelyne Bachevalier, PhD Yerkes National Primate Research Center, Emory University, United States Bernard W. Siegel, MD, PhD University of Pennsylvania, United States David M.

## Neuroscience Bulletin

Numerous studies have demonstrated changes in blood flow in such circumstances. An abstract is often presented separate from the article, so it must be able to stand alone. To verify originality, your article may be checked by the originality detection service.

## Guide for authors

TIFF or JPG : Color or grayscale photographs halftones : always use a minimum of 300 dpi. Low social support is associated with higher levels of stress, depression, dysthymia and posttraumatic stress disorder and with increased morbidity and mortality from a host of medical illnesses.

## Spotted around the web: Autistic parents, dopamine signaling, African neuroscience research

**Abstract and Keywords** All manuscripts must include an abstract containing a maximum of 250 words typed on a separate page. If your research article is accepted, your data article will automatically be transferred over to Data in Brief where it will be editorially reviewed, published open access and linked to your research article on ScienceDirect. Authors who have video or animation files that they wish to submit with their article are strongly encouraged to include links to these within the body of the article.

## Guide for authors

For more information on depositing, sharing and using research data and other relevant research materials, visit the page. The following is a general overview of the steps to a Neuroscience PhD at UC Berkeley. Cai, PhD Neuroscience Department, Icahn School of Medicine at Mount Sinai,

United States Regina M.
