### Merchant vessels and maritime commerce in Roman times

Investigations soon started but were interrupted after archaeologists Helmut Schlaeger and Hugo Graf died in a diving accident, diving on air at between 60 and 70 m depth. The boat is a catamaran style, with a glass deck for the dance floor. BC Marmaris-Serçe harbour shipwreck glass, 11th c.

### Bodrum Museum of Underwater Archaeology (Bodrum City)

I hope that this museum will exhibit the findings to be removed from the ship after their renovation.

### GLOBAL PORTS HOLDING

For example, if you take to the gardens inside the castle you will set eyes on almost every plant and tree that the Mediterranean has to offer. The Mausoleum, one of the Seven Wonders of the ancient world and a beautifully intact medieval castle housing the richest underwater museum, are only few that make the town definitely worth a visit for history enthusiasts. Heather and reeds might be used as packing around the vases.

### Bodrum Maritime Museum, Bodrum City

Hall: Submerged Antiquities, showcase 12 Description The Amphora consists of a short cylindrical neck with an outward rounded rim, and an ovoid body that tapers downwards and widens at the top. GÃ¼beklitepe of underwater world â This shipwreck is the GÃ¼beklitepe of underwater archaeology. The museum features myriad artefacts salvaged from the bottom of the Aegean and Mediterranean, many of which visitors can touch and feel.

### Ancient Treasures Discovered in Roman Shipwreck at Kasos

Found by sponge diver in 1907 on 39 m depth. John who built the castle housing the museum, visitors to Bodrum seldom — if ever — fail to pay it a highly rewarding visit. A set of Byzantine weights, net needles for mending fishing nets as well as lead sinkers indicate that the crew fished for food while sailing southward from the Black Sea or Constantinople.

### **Mark Lawall**

Ceylan took the underwater images and photographs of the new discovery, which is also called the Bronze Age shipwreck.

### **Worlds Oldest Shipwreck Found in Mediterranean Bodrum, Bodrum'a dair ne varsa**

The largest stands as tall as 1. In addition to Canaanite gold jewelry, one amazing find was a solid gold scarab these scarabs were carried by sailors for good luck attributed in hieroglyphics to one-time owner Nefertiti, the Egyptian Queen.
