## Best cookbooks 2021: From Nigella Lawson to Ottolenghi

This is a great cookbook for vegetarians and meat eaters alike. I'm just not ready for it in my life. From harissa-spiced hummus we're obsessed already to spinach and chickpea curry and a red lentil dhal, you won't be short of inspiration for breakfast, lunch and dinner.

## 26 Cookbooks that Are Totally Wacky but Kinda Useful Recipe

Next I made the Eggplant Israeli Couscous salad. But lots of fairly simple recipes and some really great ones! Updated review: I really love how this book incorporates recipes from many different cuisines. Still Life with Menu is a cook book no longer in print but certainly one that should be on every dedicated vegetarians cookbook altar, or perhaps that is just the nostalgic child in me speaking from the distant memories of happy times spent gazing at the beautiful pictures while yummy smells wafted through the kitchen.

**Still life with menu cookbook : over 200 delicious vegetarian recipes with original art. : Katzen, Mollie, 1950**

There is an index though that can help identify recipes by main ingredient. Back in 1896 people measured with whatever was handy until Fannie came along and standardized things. PS - Martha, can I come work on your farm? Just maybe let your gal eat at the table, and with utensils and clothes? I don't actually own this book but borrowed it from a friend a while back and LOVED it.
