The Gregynog Press

The press today does some typesetting by hand, but most typesetting is done with a Monotype machine. We have also corrected the typographical error you found; thank you for spotting it! A Gregynog type was made, but it was only used for one book *Eros and Psyche*, 1935. Such books were usually superbly printed on handmade paper, using hand presses or small letterpress machinery.

Up to 1935 each title was bound in buckram cloth or marbled paper, with one in vellum, but a small number of 'specials', were bound in full leather, of varying colours and designs. Hanbury Tracy rebuilt Gregynog keeping the ornate Flemish oak panelling of the which includes the family heraldry and panels above the doors.

In 1577 a new house was built for David Lloyd Blayney, the High Sherrieff of Montgomeryshire, with the panelling added in 1636 by in.

This was the printing of the Loyal Address read at the formal opening of the Museum on 21st April 1927 by King George V, accompanied by Queen Mary. It is this attention to Welsh material that was one of the distinguishing features of the Press.
