### American History: 1970s and '80s Were a Period of Change in American Society (VOA Special English 2007)

Many different communities of color bear the impact of the discriminatory enforcement of drug laws. What did it mean to be a successful black doctor living in the Connecticut suburbs, and how did you do that without selling out or forgetting who you were? Among the cases diagnosed between June 1981 and August 1986, 25 percent are in blacks, who make up 12 percent of the population at the time, and 14 percent are in Hispanics, who make up 6 percent of the population. In 1972, the commission unanimously recommended decriminalizing the possession and distribution of marijuana for personal use.

### The effect of prior healthcare employment on the wages of nurses

New Deal The first attempts at a national health program which would seek to partially alleviate these inequities were made during the New Deal, with the South being the primary beneficiary.

### Five Black Public Health Champions You Should Know

In 1985, at the height of the farm crisis, he organized the first Farm Aid concert in Champaign, Illinois, bringing together 50 acts and an audience of 80,000 people in under six weeks. He lost his campaign for re-election to conservative Republican Ronald Reagan.

### The Early Years of the AIDS Crisis

Singer and anti-gay activist Anita Bryant heads a crusade to nullify a local gay rights ordinance, Feb. Other racial groups are also impacted by the drug war, but the disparities with these highlighted groups are particularly stark and well documented. At one point during his institutionalization, he was placed in a straightjacket for 21 consecutive nights.
