Exponents

Yet it is always the same coastline! Make a 3-dimensional fractal with paper and scissors.

20 interactive teaching activities for in the interactive classroom

After revealing the answer, instruct those who got it right to raise their hands and keep them raised. It remains our hope that, through this second volume of strategic activities, readers will find their enjoyment of mathematics heightened and their appreciation for the dynamics of the world increased. Together they provide a comprehensive survey of fractal geometry and chaos theory.
