Fully vaccinated people can spread COVID 3.

9780881508598: A Place Apart: A Cape Cod Reader

Humans with half a pea brain dont sit and wait to lead their children gently into that good night.

Robert Finch

Most of the residents that tested positive were vaccinated, reported the Boston Globe. Was the illness identified by PCR or a rapid antigen test? The majority of pages are undamaged with minimal creasing or tearing, minimal pencil underlining of text, no highlighting of text, no writing in margins.
