## Industrial Bank of Korea upgrades IBM mainframes

We aim to have all comments reviewed in a timely manner. Big Blue announced last week that the lab will be set up by December 2003, with an investment from Korea's Institute of Information Technology Assessment. TechnologyAdvice does not include all companies or all types of products available in the marketplace.

## IBM sets up mobile computing lab in Korea

Lee Ho-soo, the lab's chief, said that Korea's strong mobile infrastructure will help the team look into open-standards-based Web portals for telematics users.

## SEC Sues IBM for Alleged Bribery in Korea, China

## Industrial Bank of Korea upgrades IBM mainframes

IBM provided the Industrial Bank of Korea with six z10 Enterprise Class EC mainframes, IBM's latest mainframe offering announced in February 2008. The Industrial Bank of Korea migrated from an infrastructure of IBM z9 mainframes, without any service breaks. We aim to create a safe and valuable space for discussion and debate.

## SEC Sues IBM for Alleged Bribery in Korea, China

If you would like to write a letter to the editor, please forward it to. The Korean government will give full support to make it happen. With the System z10, IBK can now run 50 percent faster, have 70 percent more capacity and three times the memory, compared to the System z9.
