Walks from Ambleside

Each route sets out at its beginning the distance and height gained, the relevant Ordnance Survey OS 1:25,000 map which should always be carried and an indication of the walking time it will take. This is even steeper than the route up, taking the path called Fleetwith Edge. For a little more effort an even better view can be enjoyed by descending to the base of the falls and crossing over the beck to the far side.

Walks in the Lake District

I have listed the 25 best walks in the Lake District. We leave Grasmere via Easedale Road but soon turn off the narrow lane to take the riverside bridleway and old packhorse route to Easedale Tarn. Along the path there are a couple of tarns then you make your way, back downhill to the start point.

The 25 Best Walks in the Lake District

When I visit the waterfall usually gives out an impressive roar. So think of this as a journey into the Lakes, reaching its conclusion upon the desolate windswept top of Grike, about as far from the crowds as it is possible to get.

Walk the Lakes: 40 easy walks by Parker, John: Fine SPIRAL

Aira Force is one of the most popular waterfalls to visit in the Lake District due to its accessibility from the road and its beguiling location which has inspired poets, writers and artists for centuries. It seemed like a good way to do it. I hiked this route plotted by on a busy weekend with some fellow hiking Instagrammers too many to mention But a few of them are included in.

Easy Mountain Walks in the Lake District

You can actually turn this into a full day out by heading to the summit of Wansfell Pike then continuing over the mountain to Troutbeck. Keep dogs under control, ideally on a lead, especially when close to livestock and farms. The first in a two-book series exploring the Lake District, featuring 40 shorter walks, most under 10km, traversing the history and landscape of the Northern Lakes.
