### Key Provisions in the Treaty of Versailles

However, economics was not the only motivation for imperial takeovers.

### Key Provisions in the Treaty of Versailles

An autonomous was established for the dioceses of Bulgaria as well as those, wherein at least two-thirds of Orthodox Christians were willing to join it. Russia, as a World of fellow, could appeal to the in a way that Austria could not. Internal tensions at Paris drove the Committee towards increasing assertions of radicalism and increasing suspicions, fueling new terror: A few months into this phase, more and more prominent revolutionaries were being sent to the guillotine by Robespierre and his faction, for example and.

### history of Europe

It slowly rebuilt its relationships, seeking alliances with Russia and Britain to control the growing power of Germany. Germany and Italy, among the last European nations to unify, came late to the scramble for Africa and had to content themselves with less desirable and lucrative territories. Led by Adolf Hitler, Germany would be faced with its biggest challenges, politically, socially, and morally.
