The Scientology Handbook : Tools for Life by L. Ron Hubbard (2011, DVD)

Scientology does not require that one change his or her beliefs or convictions to use it successfully. I think the study technology should be used in all schools.

The 1994 Scientology Handbook is Just as Crazy as you Imagined it to Be

The whole book is like that, it seems to 'have all the answers'. It is the book I use most in my Scientology practice. .

Extension Courses: The Basics

The 1977 handbook does not seem all that sinister or foreboding.

Scientology Handbook Booklets — Church of Scientology

. How does one make a dream a reality or carry a plan through to completion? Each of the books nineteen chapters stands by itself as a guide to handling a specific area of life, providing you with workable actions you can take to help yourself, your family, your friends, neighbors and community. Phil would start giving out practical advice like this.
