### Cyprus Museums

We are now in the spacious hall that displays white clay ceramics.

### Cyprus Museum

Please note that there is an original and a modern copy of the bronze «Head of a Young Man». There has been a lot of talk about moving this collection to a place that is more suitable for such valuable objects. This, in turn, allowed the Museum to continue its work as a research institution and an exhibition space.

### Cyprus Medical Museum

The horizontal display case further down contains various kinds of relief decorations late Bronze , fragments of ceramics and again: different seals and impressions. Among these are a bed encrusted with ivory and stained glass, two thrones and a bronze boiler decorated with four busts of sirens and eight gryphons and placed on top of an iron tripod. During his reign Cyprus witnessed the construction of many public buildings e.

### Cyprus Medical Museum

Cyprus Museums is part of the CyprusNet, the Vertical Portal Network with information and resources on Cyprus Businesses and Service Companies.

### Nicosia Municipality

Background information is available for those who want to learn about this period in Cypriot history, its characteristics and findings.

### Cyprus Museum

One thing to keep in mind: two of the four amphoras are covered with geometric patterns, while the others have a floral pattern lotuses — an Egyptian influence and are generally more decorated and feature what looks like a mosaic. It is dedicated to ritual and religious sculptures.

## **Nicosia Municipality**

It is not known whether this is a church statue or just a monument. The second hall is dedicated to the large collection of early bronze ceramics 2400-2000 BC. The objects that you see here on display were discovered inside the tombs of various wealthy merchants from Kalavassos, Kouklia and even at the Hala Sultan-Tekke Mosque, which turned out to be home to a Bronze Age settlement.
