Credit reporting companies must investigate the items in question — usually within 30 days — unless they consider your dispute frivolous. Use this theme to write a strong thesis statement for your report.

How to Write a Report (with Pictures)

Of course, that's just an example, but let your data guide you for the specifics! These headings need to be: Section headings should tell the reader exactly what type of information is contained in the section. Recommendations suggest how you think the situation could be improved, and should be specific, achievable and measurable. These areas include approximately 35% of the area that is formally protected, and approximately 35% of all remaining terrestrial areas with very low human intervention.

For example, in the UK many government departments have outline structures for reports to ministers that must be followed exactly. You may also need a title page, which should include the title of the report, your name, the date, and the person who requested the report. It covers more than a decade's worth of real-life political intrigue, exploring and compacting.
