Jamela's Dress: Daly, Niki, Daly, Niki: 9780374437206: localize-img.justmote.me: Books

This story depicts family culture because it is exp The author uses the main character, Jamela, to describe the wardrobe for the African American culture. The affectionate interaction between mother and daughter is particularly well delineated; the bond of love between them emanates from the warmth of the oranges and yellows in the fabric at the center of the tale.

Demonstrates that if a mistake can be fixed, then sometimes it turns out even better than if there was no accident at all. The fabric is so beautiful

Jamela can't resist wrapping it around herself, and soon she is parading through the township, proud as a peacock, to show off her make-believe dress.
