Wisława Szymborska's with a an interpretation.

Even sight heightened to become all-seeing will do you no good without a sense of taking part. You shall not enter, you have only a sense of what that sense should be, only its seed, imagination. It was above all a metaphor which demonstrated well-nigh mythologically the intrinsically foolish nature of human beings.

Foolish Citizens

It was above all a metaphor which demonstrated well-nigh mythologically the intrinsically foolish nature of human beings.

Wisława Szymborska's "Conversation With A Stone": SR, January 2006

But Szymborska's choosing a stone in and of itself suggests the natural force of irony which she humanizes with a voice--a sign of life. I'll enter and exit empty-handed, And my proof I was there will be only words, which no one will believe. Shipley, Dictionary of Word Origins NY: The Philosophical Library, 1945 , p.

The Liberating Force of Art, Humor, and Social Media: Women Cartoonists of the Arab Spring

The ongoing conversation between stone and speaker captures this fundamental alteration of consciousness with irony as its driving force. They also have a mass appeal due to their satirical nature and their lasting visual effect in memory. Poets, along with philosophers, who were once in their close company, understand the significance of memory that only the language of poets now points to.
