Click the Insert tab, then click the Page Templates button to see the many built-in options, and you can search for even more choices.

### Microsoft 365: Everything you need to know about Microsoft's new productivity subscription

This is a great way to take notes and do research or create artwork. Would you rather have less work or more work you actually enjoy doing? How will today matter in five years from now? Teams is squarely aimed as a competitor to Slack, the upstart web-based software that has challenged email's dominance in the many small groups and large corporations that have adopted it over the past few years.
