Shades of Love: Midnight Magic (TV Movie 1988)

Mangus sends Fabrizio out to get water.

Midnight Magic (A Ghost & Abby Mystery, #1) by Jo

I especially like the timeline that this book and story take place in. Should have read Murder at Midnight first! The characters weren't overly developed, but there were some surprises for a short easy to read book. A few are jewels in the rough, where I enjoy the book, and when possible and I think the author would like the feedback, I note a few things that might help improve their writing.

Midnight Magic on Apple Books

Future books should be able to dive right into that drama without the build up that this book went through.

This was my second time reading it, and yes, it is better the first time when you don't know the ending, but I still loved it.

Midnight Magic Summary & Study Guide

Writing in a time on no technology as simple as the light bulb is an extravagant and hardly touched upon world.

Midnight Magic (A Ghost & Abby Mystery, #1) by Jo

The book started off with Abby, the main character, looking to start I am always looking for new romance paranormal book. But really, what is there NOT to like about this book? Combined with the fact that Fabrizio knew some of Mangus's magic tricks, this book was well thought out, and is adventurous and exciting.
