Объективно на послевоенном укреплении Америки в международной политике сказались прежде всего достоинства самой американской политической системы. That said, only the Romanians were genuinely oppositional in the sense that they refused to back down even when Moscow insisted. By 1953, the number of industrial enterprises reached 200,000 and the number of planning targets reached 5000, up from 300 in the early 1930s and 2500 in 1940.
