Military Trade Unionism in Europe

Three countries have open borders with the Schengen Area: Monaco, San Marino, and Vatican City. For the ETUC it simply must not occur. Chiefly because economic integration necessitates a Europe-wide means of addressing its structural and social consequences.

Understanding European Trade Unionism: Between Market, Class and Society

Between 1907 and 1909, police closed 350 unions and arrested many of the most important labour leaders. This will mean that environmental, social and employment considerations can also be taken into account. There is also a substantial majority in favour of trade union rights in respect of financial autonomy, and autonomy in decision-making and elections.

Understanding European Trade Unionism: Between Market, Class and Society

Rapid trade union growth Although trade union membership continued to grow during the next two decades, up to around 1850 they tended to be overshadowed by political movements such as. Participants praised the DGB for its important role in representing workers' interest in the German social market economy.

The National Archives

Table reflects only those months for which there was trade. All EU members pledge to convert to the euro, but only 19 have so far.
