## REFLECTIONS for the 10 DAYS OF AWE

I don't think I'll read another book by him.

### Ten Days' Wonder (film)

Overall, it's an okay movie, not too horrible, but not good either. Jahrhundert zu existieren im Zeitalter des abgedroschenen und bereits dagewesenen ist die Handlung nur ein alter Hut.

### Ten Days' Wonder by Ellery Queen

You have to wonder how Dannay reacted once he learned about the problem. May it shatter any ingrained negative patterns in our lives — all that hold us back, dear Lord, from being all that You have created us to be.

## REFLECTIONS for the 10 DAYS OF AWE

It doesn't seem much different than all the other highly-contrived, ridiculously-patterned mysteries they created--except that Ellery is really the villain of this one. Howard Van Horn wakes up in a Bowery flophouse. A year later he figures out what has been nagging at him and goes back to the small town to finally put all the pieces together.

## TEN DAYS' WONDER

Reading it as an adult, however, I kept wondering what had drawn me to this kind of writer so long ago. I started reading, and nothing about the story came back to me except that the protagonist Ellery is a novelist + amateur detective and his father Inspector Queen works for the NYC police department.
