### Seeing Christ in the Darkness: Rouault

With gestural heavy black lines - that will soon become his signature style - he outlines the femininity of their curves. Rouault does not seek to represent an omniscient and omnipotent God in his Christ. His works were studied by German artists from Dresden, who later formed the nucleus of expressionism.

### Georges Rouault original prints, lithographs and etchings on Amorosart

This early experience as a glass painter has been suggested as a likely source of the heavy black contouring and glowing colours, likened to , which characterize Rouault's mature painting style. It was written by the same author as the open source. Rouault represented his workers with an honest, unadorned, realism that allowed for or, in his view, insisted upon an emphasis on naked sensuality.

### Tracey Ann Rouault, M.D.

During his time studying at the Ecole des Beaux-Arts, Rouault became the favorite student of Gustave Moreau and his fellow students at the school included and Albert Marquet.

### Georges ROUAULT, 1871

He died in Paris on Feb. It's a fairly complete example of cmlib's functionality. DDS files does not have this limitation.
