### Classroom Management for Adult Students

Discuss students of concern with the school wellbeing coordinator or the assistant or deputy principal with the view of gaining parental consent for referral. Set up a dedicated learning environment for studying.

### Auditory Learning Strategies and Characteristics

How do we measure distance? He told the adult that his dog could really talk.

### 15 Ways to Prevent Bullying in Your Classroom

Students practice speaking about the same topic several times. Actually, a jigsaw activity is a collaborative game where the whole class works together.

### Teachers Share the Funny Things Kids Say in the Classroom

Make sure you are checking in as often as you can, too.

### Auditory Learning Strategies and Characteristics

The more you give a talk, the more automatic it becomes, the more meat it can have and the more confidence you have in your abilities to give the speech.

### 15 Ways to Prevent Bullying in Your Classroom

Also, they must speak within a shorter time frame each time. For some students, the idea of getting up in front of our peers and class-mates is nerve wracking and scary.

### Tips for Taking Online Classes: 8 Strategies for Success

Auditory learners generally remember what their teacher says and readily participate in class. Have students sit in the chairs, so each student is facing another.

### **Tips for Taking Online Classes: 8 Strategies for Success**

For reluctant contributors, the movement and lack of one-on-one contact can make talking to others less intimidating.
