Health (Meat Inspection, Branding and Processing) Regulations 1950 05

Consumer Bill of Rights is proclaimed by President John F. Therefore, a worthless remedy cannot escape the law by not stating the condition it is supposed to treat.

Meat Inspection

Wetherill President Lincoln appoints a chemist, Charles M. The Food Safety and Inspection Service FSIS is proposing to remove lists of foreign countries eligible to export meat, poultry, and egg products to the United States from its regulations and, instead, utilize lists posted on FSIS' website.

Soil Amendments

Examination of carcasses brought into slaughtering or packing establishments, and of meat food products issued from and returned thereto; conditions for entry.

Health (Meat Inspection, Branding and Processing) Regulations 1950 05

Review of Material — What the student should know: 1 A better understanding of the regulatory agencies that have jurisdiction over meat inspection. Federal Hazardous Substances Labeling Act, enforced by FDA, requires prominent label warnings on hazardous household chemical products. Non-Federal jurisdiction of federally regulated matters; prohibition of additional or different requirements for establishments with inspection services and as to marking, labeling, packaging, and ingredients; recordkeeping and related requirements; concurrent jurisdiction over distribution for human food purposes of adulterated or misbranded and imported articles; other matters.

Meat Inspection

Delaney Committee starts congressional investigation of the safety of chemicals in foods and cosmetics, laying the foundation for the 1954 Miller Pesticide Amendment, the 1958 Food Additives Amendment, and the 1960 Color Additive Amendment.

Health (Meat Inspection, Branding and Processing) Regulations 1950 05

Consistent with the recent changes that the Food and Drug Administration FDA finalized, the Food Safety and Inspection Service FSIS is proposing to amend the nutrition labeling requirements for meat including fish of the order Siluriformes and poultry products to better reflect the most recent scientific research and dietary.
